Programing skill

- Python
- SQL
- HTML
- CSS
- JavaScript

Data Analytics

- Data Cleaning
- Data Visualization
- Exploratory Data Analysis

LANGUAGES

- Hindi - Native Proficiency
- English- Professional Working Proficiency

PROFESSIONAL SUMMARY

Highly motivated and detail-oriented B.Tech student specializing in Computer Science with a focus on Data Science and Artificial Intelligence. Possesses a solid foundation in Python, SQL, data analysis, and web technologies, along with strong analytical and problem-solving abilities. Familiar with data visualization concepts and modern analytical tools. Passionate about leveraging data to solve real-world business problems and eager to contribute to innovative organizations through continuous learning and practical application of technical skills.

CAREER OBJECTIVE

CAREER OBJECTIVE

- To secure an internship or entry-level position in Data Analytics, Data Science, or Business Intelligence where I can apply my technical knowledge, strengthen my analytical abilities, work on real-world datasets, and contribute to organizational success while continuously enhancing my professional skills.

CERTIFICATIONS

- Python 101 for Data Science
- IBM Software Engineer
- SQL for Data Analytics
- Web Design (HTML, CSS & JavaScript)

STRENGTHS

- Strong analytical mindset
- Passion for learning emerging technologies
- Excellent problem-solving abilities
- Ability to work effectively in teams
- Self-motivated and disciplined
- Detail-oriented approach to tasks
